

Learn how to do T-Stops, how to turn, make longer and effortless strides and explore different surfaces on skates

Our Monthly Plans are Group Classes that work as a Monthly Period (30/31 days calendar) aka rollover calendar months. For example, if you choose **Beginner** class on Mondays for August, then you can come to every Monday in August. Simple as that. Some months have 4 Mondays and others have 5, but the monthly price stays the same. If you are a new student we advise to wait until the beginning of the month to join us. We teach different things month by month but every month's goal is to make you reach the following level. It can take between 2 and 4 months to complete the level.

We recommend to choose the day of the week that suits you for level and availability. Once you enrol you have to commit for the rest of the month. For following months, if the chosen day works for you, we advise you to set a direct debit.

3 plan options

Bronze Plan
1 class per week
£60/month

Silver Plan
2 classes per week
£100/month

Platinum Plan
1 class pw for 3 months
£150/month

Drop in Card

Drop in Card
4 classes for 3 months
£80/1 card

If you can't commit the same day every week the Drop in card allows more Freedom in choosing the class day. You can come to 4 classes of the same level during a 3 months time.
