

Welcome to LondonSkateLife

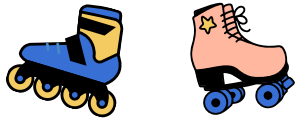

Enjoy the advantages of our group skating classes, meet new people, have fun and learn to skate step by step.

Our professional instructors are teaching every day. From West to East London. We teach Kids, our Little Skaters, and Adults for Rollerblades and Rollerskates.

Skates are not included.

We offer FundamentalLS: General skating from First Timer until Expert and SpecialLS: Specific teaching based on different disciplines like skatepark, slalom or slides..

Maybe you have never skated before, or you have some experience. We have the perfect level for you. First Timer is for you if you have No Experience but if you have little or more experience check our Levels Menu and you can start straight from LSI: Beginner or more if you skate like the exam video.
